Florence Mytum Ceramics

About us

Florence Mytum Ceramics was founded by British artist Flo, who uses her background as a sculptor to design and create bold, colourful and tactile ceramics. After completing an MA from the Slade School of Fine Art in 2018, Flo built a career as an installation artist before launching Florence Mytum Ceramics.

Our joyful pieces bridge the gap between design and function, in the form of sculptural vases, playful mugs and colourful candle holders. Each piece is thoughtfully designed and sustainably handcrafted in small batches from our studio in East London, making each piece truly unique.
